WHITNEY IS LEADING ADAR FOR TITLE OF SOUTHERN CHAMPION

Present Title Holder Is Twelve Up at the Eighteenth Hole of a Thirty-Six Hole Match in Finals

(By Associated Press.)
MEMPHIS, Tenn., June 6.—Nelson Whitney, present golf champion of the world, practically clinched his claim to the title of the South in the Southern Golf association tournament today. The cool, steady playing of the champion proved too much for the Atlanta boys, who performed so brilliantly through the semi-finals, Adair's nervousness was apparent at the beginning of play, but increased perceptibly after Whitney took the first three holes. A large and enthusiastic gallery followed the players.

Their cards follow:

\$50,000 WILL INSURE NAME ON TECH BUILDING

Contributor May Have It
Placed on New Power Plant,
as Memorial

WANTED: A name for the new power plant and experimental research station at Georgia Tech.

A contribution of \$50,000 is sufficient to reserve for the contributor the privilege of placing his or her name on the building as a memorial. The Technological school has now eight memorial buildings, and it is desired that the new building shall be also a memorial.

The "Fireworks" of the campaign is expected to begin Sunday, and to last until the completion of the campaign. The committees are confident of the success of the undertaking, and have stated through their chairman that they

J. B. McCrory, president of the J. B. McCrory engineering company, which will be one of the large contributors to the fund, pointed out in a speech at the luncheon meeting of the project that the support of research to the state of Georgia.

The support of the plan, according to McCrory, leaves no doubt that we owe to Tech," and Mr. McCrory will make the donation "as a matter of course."

It is interesting to note that Tech, like Tech with an experimental research station appeals to me for the reason that it is the only one that has the vast opportunities that lie in the state of Georgia."

DORSEY'S DEMURRER IN LEO FRANK'S CASE SUSTAINED BY COURT

(Continued from Page One.)

On the question of practice, I think the true law is set out in the case of *Ex parte*, although there is some confusion in the decisions of the supreme court in writing the decision in the *Lyons* case. I called attention to them. Mr. Torrey has cited many cases which appear to be in conflict with that rule, and since it is my purpose to sustain my general demurrer I think it proper to call attention to the question of practice to the court.

Mr. Torrey continued: "I am going to state this matter up to the court that it may have some of the conflicting opinions cited here. Therefore, Mr. Torrey, you will see that the conflicting opinions are not general and special."

ONE TRUST BILL REPEALED TO SENATE

Action of Committee Indicates Program Will Be Limited This Session

(By Associated Press.) WASHINGTON, June 6.—The senate committee on commerce today voted to report out only the trade commission measure of the trust bills. The action was construed by many as an indication of limitation of the administration's program at the present session of congress.

All three bills on the administration trust legislation program passed the house late yesterday and were sent to the senate for action. Opposition melted away when the final test came and the voting went down quickly and without incident.

When the trade commission bill came before the house for a final vote, Progressive Leader Murdock moved that it be sent back to the interstate commerce committee for further study.

Mr. Torrey continued: "I am going to state this matter up to the court that it may have some of the conflicting opinions cited here. Therefore, Mr. Torrey, you will see that the conflicting opinions are not general and special."

Old Libel Suits Filed Against Dana and Reid Erased from Docket

(By Associated Press.) WASHINGTON, June 6.—Suits charging libel, instituted nearly forty years ago against Whitelaw Reid and Charles Dana, have been erased from the criminal docket of the District of Columbia, it was announced today.

The suits were initiated by Alexander R. Shepherd, then governor of the District, for the publication of certain libelous articles in the *New York Times*. The federal prosecutor determined to dismiss the suits, which never had been brought to trial, because all of the parties thereto have been dead several years.

Mr. Wilson receives handsome dinner plate Belonged to Set of Sevres Owned by Former President Buchanan

(By Associated Press.) WASHINGTON, June 6.—Another addition has been made to the White House collection of presidential ware in the form of a handsome Sevres dinner plate from a set which belonged to President Buchanan.

Mr. Wilson received the china highly as it was used by him in the White House and subsequently in his home at Mount Vernon. The plate was a gift from Mr. Buchanan's nephew and ward of President Buchanan, who served as his private secretary during Mr. Buchanan's occupancy of the White House.

POLICE TO GUARD TOWN DURING TRIAL OF J. W. W.

Armed Men Determined to Prevent Rioting Near Rockefeller Home

(By Associated Press.) TARRYTOWN, N. Y., June 6.—The authorities of this village were prepared today to prevent a repetition of the riotous scene of a week ago, when the twelve industrial workers of the World magazine, arrested at that time, are brought here from the jail at White Plains for trial.

The plans to preserve the reputation of Tarrytown for quiet and peace during the trial of the twelve arrested men were provided for by the police. One newspaper man and attorney are to be admitted to the courtroom. Upton Sinclair, Alexander Berkman, Lincoln Steffens and Leonard Abbott, it was stated, however, planned during the trial to invade Tarrytown and while the results of his activity are variously reported, the village police and sheriff have sworn in special officers to handle any situation that may arise.

Tarrytown's troubles began when the police refused permits for street meetings under President Polk in 1845-46. "Billy" Sunday's Choir Master Loses \$20,000 Suit for "Heart Balm"

(By Associated Press.) CHICAGO, June 6.—A verdict awarding \$20,000 damages to Miss Georgia Jay against Homer Rodeheaver, choir master for "Billy" Sunday for breach of promise to marry, was returned today by a jury in the circuit court.

Miss Jay alleged she met Rodeheaver in Iowa; that they became friends and that he proposed marriage to her and was accepted. Later, she declared, he refused to marry her because marriage would interfere with his career. Taxicab ride, long strolls and discussions of future plans figured largely in the testimony of Miss Jay.

Evidence was presented showing Rodeheaver was paid \$100 a week and traveling expenses. The loss to all the parties was complete, amounting to several thousand dollars. The dentist had no insurance. Jester was partly insured and others partly covered by insurance.

TWO HELD FOLLOWING AUTO BANDITS' HOLD-UP

Joseph Longo, Chauffeur, and James Jay, Pool Room Operator, Arrested

(By Associated Press.) NEW YORK, June 6.—Joseph Longo, a chauffeur, and James Jay, a pool room operator, were held today charged with participation in the hold-up yesterday of two employees of the American Can company who were robbed of nearly \$3,000. Fred Kellogg, arrested previously, confessed, according to the police, that he had driven the car in which the men made their getaway. He said Longo hired him.

The detective department was working today on the theory that the hold-up of the American Can company employees was the work of the same men who earlier yesterday held up two clerks of a joint company in Brooklyn and robbed them of a satchel containing \$2,000 drawn for the weekly payroll. These robbers also used an automobile to escape.

A third holdup in which an employee of a firm of architects was robbed of \$500 in cash and jewelry was also being investigated by the police. The employee's hat was knocked off and as he stooped to regain it a bundle of money he carried was seized. Two other bundles, each containing \$500, were overlooked. Five men were charged in the robbery. They occupied an automobile.

"Once in a Blue Moon" And Then for the Second Week of the White Sale Madame Irene Corsets at or Near Half Price It's an Interesting Story How This Most Unusual Event Is Made Possible

This, then, is the classic event of the year in corset selling—that we have managed to stage it for Monday of the second week of the White Sale makes it most timely.

Once a year the Madame Irene people "cut a melon" for their agencies, and through them for their patrons throughout the United States.

They go to taking stock the last of this month and rather than take the short lengths of material they have on hand they make all these into corsets of their best models and let their agencies have them at a reduction of one-third.

These they proportion out to their various agencies throughout the larger cities of the country. Doubtless all would like to, but no one store gets more than its share.

That it is good business no one can doubt, and also that it is the good fellowship of business no one can doubt, regardless of the skeptic who says there is no sentiment in business.

So Monday, in one good store in most of the cities of the country, these superb Madame Irene Corsets will be sold at the one-third reduction. But Atlanta women are more fortunate. The occasion finds us in the midst of our White Sale, so we shall forego a part of our usual profits and make the event even more noteworthy—savings of one-half or very near it.

The Styles, The Materials, The Workmanship

Need we tell you of Madame Irene styles? No corset makers in America are quite so close to Paris as the Madame Irene people. Their styles are the styles approved and accepted by the fashionables. Indeed, several models you will see here Monday are those you will wear much about in the fall.

The materials (we are speaking of the boning as well as the coutils, the brocades, the batistes and the tricotés) are, for the most part, those selected in Paris and imported directly by Madame Irene, the designer of all Madame Irene corsets.

There is but one way of making Madame Irene corsets—and that is flawlessly. No other kind of workmanship is accepted.

The event looms large, its significance is important. It brings the time for a woman to buy not one, but two or three corsets. It combines every advantage without a compromise—style, quality, remarkable savings—everything as new and fresh as could be.

Every woman may profit; every size is included; the model best for her figure is included. Here is the scale of reductions:

\$25 Corsets \$12.50 \$18.00 Corsets \$9.00 \$15 and \$16.50 Corsets \$8.50 \$12.75 and \$13.50 Corsets \$7.50 \$9.00 to \$11.00 Corsets \$5.00 \$7.50 to \$8.50 Corsets \$4.50 \$2.75 to \$3.50 Corsets \$1.98 \$5.00 to \$6.00 Corsets \$3.00

As for their styles, better could not be found. They are models for the new silhouette; extremely low busts, medium low busts, long skirts, free hips or slightly boned over hips, long skirts. Materials are brocades, coutils, batistes, suedines and tricotés. For the woman who usually pays \$4.50 or \$5.00 for a corset this should come as a particularly bright opportunity.

Let bride note, let every woman who would enjoy the utmost in corsets, take advantage of these prices.

TWO MEXICAN WARSHIPS SPEEDING TOWARD PORT

Huerta Hopes to Prevent Landing of Supplies of Cargo of Arms for Rebels, Said to Be On Cuban Steamer Antilla

WASHINGTON, June 6.—A new crisis in the Mexican situation developed late today when two Mexican federal gunboats, the *Albatros* and *Albatros*, were reported to be heading for Tampa, Fla., to blockade the port.

Specific orders have been given, the United States government is said to have issued, to keep the Mexican boats from entering the port. The United States government has been advised by the United States consul at Tampa that the blockade is an open port and that there is no interference with the free passage of ships.

SPEAKER CLARK UPHOLDS WORK OF MR. HARDWICK

In Letter to Senatorial Candidate He Deplores Misuse of Debate Thrust

(Special to The Journal.)

WASHINGTON, June 6.—Speaker Champ Clark today rebuked the effort to make political capital at the expense of Congress. He deplored the misuse of the debate thrust of the recent tolls debate between the speaker and Mr. Hardwick, who is opposing Governor Slator's nomination.

The letter is marked by expressions of the highest personal regard for the speaker and the loyal and efficient service Mr. Hardwick has rendered in the house, and respect for the high and honorable position he occupies.

"Dear Tom:"

"Somebody sent me a copy of a Georgia paper from which it appears that you shot I took at you in the tolls debate is being construed as showing that I held you in slight esteem, and as a member of the house."

"I do not desire whatever to meddle in Georgia politics, and I am unwilling to be placed in a false position by such a publication."

"The inference drawn from the remark made by you in the tolls debate is a chance expression in a heated debate and I write you this letter to assure you that my feelings towards you are quite the opposite of what is indicated by this publication."

(Signed) "Champ Clark."

DEMOCRATS AGREE TO COMPROMISE IN TOLLS REPEAL FIGHT

Amendment to Uphold Rights of U. S. in Great Britain Treaty Framed by Senators Simmons and Norris

VOTE OF BILL MAY BE REACHED LATE MONDAY

Effort Expected After Bill Is Disposed of to Provide for Arbitration of Exemption Question With Great Britain

(By Associated Press.)

WASHINGTON, June 6.—A compromise amendment to the tolls repeal bill, drawn by Senator Simmons for the administration forces and Senator Norris for republican senators, will be offered when the bill comes to a vote in the senate.

The new amendment embodies all of the original amendment, which was recommended by the senate intercommissary committee, and also the compromise resolution proposed by Senator Norris several days ago as a substitute for the committee amendment.

The strength developed for the Norris amendment, particularly the democratic side, influenced the administration forces to modify their amendment.

The compromise reads:

"That the passage of this act shall not be construed or held as a waiver or relinquishment of any right the United States may have in the tolls with Great Britain, ratified the 18 of November, 1911, or otherwise, to exempt the vessels of the United States or its citizens from the payment of tolls for passage through said canal, or as in any way waiving, impairing or affecting in any right of the United States any right of the United States in the tolls."

The bill may be reached late Monday. An effort may be made after the bill is disposed of to press a resolution to arbitrate the Panama tolls exemption question with Great Britain.

Senator Simmons, a democrat, announced early in the day that he would vote for the repeal of the tolls. He would favor any amendment which would put the bill where it could not be reached by a veto.

Senator Thompson, of Kansas, favored the repeal with some provision preserving American rights in the maintenance and control of the canal.

Senator Works, of California, spoke against repeal, and like Senators Hitchcock and Thompson, insisted the repeal bill should be amended by providing that neither the passage of the act nor the repeal of the tolls from American ships should deprive the United States of the right to exempt American vessels from tolls at any future time.

Early in the day Senators Cummings and Simmons indulged in a joint debate as to the nature of Great Britain's protest.

HARDWICK MAKES RED HOT REPLY TO GOVERNOR SLATOR

Congressman Charges Executive's Law Firm Recently Sought to Prevent Removal of Negroes From Local P. O.

SAYS HE TWICE FOUGHT DISFRANCHISEMENT BILL

Declares His Opponent for Senate Is Playing for Support of Wilson Democrats and Hearst

(By Ralph Smith.)

WASHINGTON, June 6.—Characterizing Governor Slator's original platform as a "mere rhetorical statement of platitudes and a mass of glittering generalities" Congressman Thomas W. Hardwick before leaving for Georgia tonight gave out a red hot interview in answer to the governor's most recent card. Hardwick's statement is by far the most and most pointed criticism of the senatorial campaign.

After defending his own record in the house as a record of performance and not promise, the congressman ridiculed the position of Governor Slator with reference to the Panama canal. He suggested the governor, "trying to 'ride with the hare and hold with the hounds' hoping to catch the governor twice voted in the state legislature against disfranchising the negro but asserts the law firm of Rosser, Brandon, Slator & Phillips, who drafted the constitution, has sought recently to prevent the removal of negro employees from the Atlanta postoffice."

It can hardly be said that it is law that he is practicing, when Rosser, Brandon, Slator & Phillips take cases to the state supreme court, and the governor in the state legislature against disfranchising the negro but asserts the law firm of Rosser, Brandon, Slator & Phillips, who drafted the constitution, has sought recently to prevent the removal of negro employees from the Atlanta postoffice."

SPEER PROBE REPORT TO BE SUBMITTED TUESDAY

Subcommittee Plans to Hold Its Final Conference Monday

(Special Dispatch to The Journal.)

WASHINGTON, June 6.—The subcommittee of the house judiciary committee, which investigated charges of official misconduct against Federal Judge Emory Speer, of the southern district of Georgia, will submit its report to the judiciary committee Tuesday.

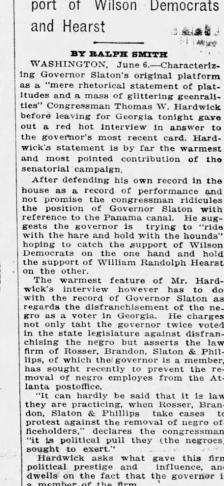

The subcommittee held a meeting today and will conclude the report at a final meeting to be held Monday.

THREE DIE FOLLOWING COLLISION OF TRAINS

KAMACK, Sask., June 6.—A Canadian northern passenger train from Edmonton to Winnipeg collided head-on with a freight train at a curve six miles east of Kamack late last night.

James Arnold, engineer of the passenger train, badly scalded, died today. Express Messenger Donaldson and John Flinn, a mail clerk, were read when found in the wreckage.

Several passengers and members of the crews were injured, none seriously. It is said the passenger train ran past its signals.

RECTOR OF ST. LUKES RECENTLY INVITED TO CHAIR IN SEWANECE UNIVERSITY, TO TELL CONGREGATION WHETHER HE WILL STAY OR GO

In the announcement expected this morning from Dr. C. B. Wilmer, rector of St. Luke's Episcopal church, as to whether he will remain in Atlanta or accept the chair of systematic theology at the University of the South at Nashville, Tenn., which he offered to him recently, Atlanta is much interested. Dr. Wilmer has advised that he will make his decision known at the morning service in St. Luke's today.

Dr. Wilmer's decision has been made to keep Dr. Wilmer in Atlanta, not only by members of St. Luke's congregation but by other citizens who appreciate his broadness of spirit and the constructive work he has done here. It has been represented to him that here lies his greater field of usefulness; that his work is not done, and that Atlanta is unwilling to spare him.

Dr. Wilmer has been directed upon him to induce his acceptance of the Sewanee professorship. Between these two views Dr. Wilmer has formulated his decision upon the sole basis of usefulness.

Dr. Wilmer returned Friday night from Sewanee, where he had spent several days in study of the opportunities offered him at the university. Bishop Alton W. Knight, the vice chancellor, at whose invitation he went, accompanied him as far as Atlanta, but remained only a short while in the city, going to Charleston.

Dr. Wilmer has given no intimation of his decision. That he has found it difficult to formulate is known by all who have known him. His arguments advanced first by one side and then the other.

The Atlanta church is directly interested but with them the whole city is awaiting his announcement.

HOKE SMITH WILL CONTINUE HIS FIGHT FOR FUTURES BILL

Declares No Legislation Enacted by Congress Will Bring Greater Returns Than Pending Cotton Measure

WASHINGTON, D. C., June 6.—In the opinion of Senator Hoke Smith no legislation enacted by congress at this session will bring a greater return to the cotton grower than the cotton futures bill, which has passed the senate and is now pending in the house.

Mr. Smith has been making legislation since March 4th, which will give an opinion in Georgia and the rest of the south as to the value of the cotton futures bill. GROCCERS AND BUTCHERS GET READY FOR PICNIC

Big Time Planned to Celebrate Beginning of Wednesday Half-Holiday

The announcement of the official program for the picnic and celebration of the Wednesday afternoon closing for the summer months for the grocers and butchers of Atlanta gives promise of a big time at Piedmont Park Wednesday afternoon, June 10. Practically all the retail stores of Atlanta have agreed to close on Wednesday afternoon from June 10 to September 14. All of the L. W. Rogers stores, Broyles stores, Moore's stores, and other important chains of stores have been included in the movement. Not only those stores in the city limits, but the stores in the suburbs, East Point, College Park, Inglewood, and Decatur have joined the others in the movement.

BANKS OF SIXTH DISTRICT WILL HOLD CONVENTION

Chattanooga Clearing House Calls Session for Next Thursday

A "convention" of the 275 banks, which are members of the sixth district clearing house for next Thursday for the purpose of nominating class A and class B directors for the federal reserve bank. While the directors of the regional bank must be elected in a manner prescribed by law, the member banks have decided to hold the convention in Chattanooga, which will be in the nature of a nominating caucus. It is said to be unlikely that any fight will be made on the nominees of Thursday's convention.

REXALL MANAGER GIVES ATLANTA GREAT PRAISE

W. C. Neilly, Charge of Convention, Promises to Meet Here Again

"Atlanta is my ideal of a convention city and if the Rexall people are not back here next year or the year after, it will not be my fault," declared William C. Neilly, business manager of the Rexall convention, just before he left the city Saturday after winding up all the affairs of the most successful Rexall convention ever held.

FELDER WANTS HIS NAME FROM RECOMMENDATION

MACON, Ga., June 6.—Thomas S. Felder has written a letter to Mr. Orville A. Park, secretary of the Georgia Bar association, requesting that his name be stricken from the list of members signing the recommendation that the ap-

pointive system of judges in Georgia be abolished.

Mr. Felder is a member of the permanent commission on reform in court procedure that signed this recommendation, but his name was attached to it under a misapprehension. He had never read the report, and had not given his endorsement to it. He does not believe that all of the judges of Georgia should be appointed.

Don't Delay

Get your Overland today.

Every day you wait is just twenty-four hours wasted. And the yesterdays never come back.

If you want to play this summer—enjoy the whole summer. Don't cut your pleasure in half.

Delaying never helps matters. On the contrary it hinders.

Waiting cannot save you money. On the contrary it costs you money.

Last season between 5,000 and 10,000 people waited. But unfortunately they waited just a little bit too long. For when they finally did place their order all the Overlands were gone. Consequently they were forced to either pay a much higher price for some other car—or go without an Overland. Don't you

be among the 5,000 or 10,000 disappointed people this year.

Remember—the Overland has the longest wheel base; the most powerful motor; the largest tires; the finest equipment; and is the most thoroughly and most carefully manufactured car, for the price, on the market.

The Overland is the world's renowned economy car. It costs the least to purchase and also the least to maintain. And it gives you everything you want in a car—power, speed, beauty, comfort, style, and practically every needful convenience ever invented for an automobile.

That's why we are delivering over 5,000 cars a month, right now!

There are not more than ten real automobile manufacturers in America. Of these ten, Studebaker leads all the rest in *manufacturing the largest proportion of parts in its cars.*

In laboratory research, in refining processes, in intensive manufacturing, in cost-ly but economical equipment, Studebaker is first.

In addition, Studebaker spreads these quality-producing factors over *the largest "Six" volume.*

The net result is the greatest automobile value in the world today---the

Studebaker

ECONOMICAL
LIGHT WEIGHT **SIX**

\$1575

Demonstration Will Sell This SIX Against Any Car Of Any Size Or Any Price

The Studebaker SIX will prove to you in half an hour its superiority over heavier, costlier cars. It has a greater proportion of manufactured parts than the best of these heavier cars.

Each essential part is of special formula steel, heat-treated from two to four times to permit the use of light parts---with increased strength.

It will prove that this Studebaker combination of light weight and perfect balance holds the road far better than mere bulk.

Once set in a straight line the Studebaker SIX continues in a straight line.

It does not creep or slide toward the ditch from the crown of a country road.

This roadability begins in the motor itself---one of the smoothest-running, most perfectly balanced "Six" motors in the world.

When the motor is developing its greatest power vibration is practically imperceptible.

At a speed of thirty or forty miles an hour, you will probably guess that you are going twenty or twenty-five. Your tire cost, gasoline cost, and oil cost, are of course very much lower than they would be in a heavier car ---even a "Four" of equal power.

Studebaker Demonstration Shows Even More Striking Superiority Against The Assembled "Six"

No assembled or semi-manufactured "Six" can stand up in demonstration against the Studebaker SIX.

Studebaker gives you special formula steels tested to 150,000 pounds per square inch.

The best steel the assembler can give you is the best he can get; tested by the mill---perhaps---to 100,000 pounds.

Studebaker doubles and trebles the strength of its own special formula steels by two to four heat treatments. The assembler must pass the steel on to you exactly as he gets it.

Studebaker by this process produces parts two to three times as strong, and still holds down the weight.

To equal this strength the assembler would have to add weight which would be prohibitive.

So the factor of safety in the Studebaker SIX is bound to be immeasurably greater than in the best assembled "Six."

And the same elements work out in the Studebaker SIX to produce perfect balance.

As a result of this balance it rides better, makes better use of its power, is a better hill-climber, is easier on tires.

In short, the value, long life and roadability of a "Six" are in proportion to the number of manufactured and closely measured parts.

In that respect, as we said above, the Studebaker SIX leads the world.

That is why it is competing with the costliest "Sixes" and outselling them.

That is why assembled "Sixes" MUST COME DOWN in price; and CANNOT COME UP to the Studebaker in manufactured quality.

The Studebaker FOUR is of the same grade and quality of material and workmanship, and is manufactured with the same scrupulous care and closeness as the Studebaker SIX.

Studebaker branches and dealers have in stock, \$1,000,000 worth of service-parts. This means service to owners of a sort that assemblers do not and cannot give. In this respect we believe the Studebaker organization to be unequalled. In addition to its \$3,000,000 machinery equipment for car manufacture, Studebaker maintains a special plant for the manufacture of service-parts, to keep all branch and dealer stocks complete at all times.

The Studebaker Proof Book describes and pictures the scientific manufacturing operations of Studebaker. Send for it.

TECH DRAMATISTS SCORE HIT IN "DEVIL'S DISCIPLE"

Difficult Play Splendidly
Staged and Interpreted at
the Atlanta

The Tech Dramatic club added new lustre to its reputation as an amateur theatrical organization last night by its excellent production of Bernard Shaw's "Devil's Disciple" at the Atlanta theater. The play was not only well staged but was well acted, and the success of the young actors was particularly praiseworthy in that the play chosen was a difficult interpretation.

Walter Culpin as "The Devil's Disciple" was the brilliant portrait star of the cast. His character work was splendid and he had an ease of manner that added much to his strength. Really there was much of the professional in his rendition of the role, and he received much applause.

The remarkable histrionic ability of Miss Ethel Malory, New York, played the part of Judith Anderson, wife of Anthony Anderson, the minister, and in the climax of the first act made a most creditable exit. His acting throughout was marked by the clarity and earnestness befitting his role.

John Wilson, as William Dugden, Alton Chapman, as Lawyer Hawkins; Worth Pearce, as William Dugden; Carl Epps, as Titus Dugden; Ira Adams, the sergeant; Robert Shackleton, as Major Swinburn; Edridge Irving, General Burgoyne; and Leonard Williams, as the French aide in the unfolding of the story most ably, the audience expressed their approval by enthusiastic applause.

Much of the credit for the success of the performance belongs to Miss Carolyn Cobbs of Athens, who coached the play, as she does all given by the Tech Dramatic club.

The trustees for the evening were Dr. and Mrs. K. G. Matheson, Governor and Mrs. John H. Smith, Mr. and Mrs. W. L. Peel, Mr. and Mrs. Albert Howell, Rev. and Mrs. W. M. McMiller, Dr. and Mrs. William Perry Nicholson, Mr. and Mrs. Thomas B. Taylor, Mr. and Mrs. H. H. Starnes, and Dr. and Mrs. S. R. Wallace.

The board of control was as follows: W. E. Conklin, president; W. E. Dunwoody, secretary; S. C. Gayle, J. Lucas, Jr., J. D. Law and W. A. Troy.

J. R. Watts, Jr., was business manager and Albert Roberts had charge of the stage production.

A dance at Segalows, beginning at 11 o'clock and lasting until everybody had danced themselves into a pleasant state of exhaustion, completed the evening's entertainment.

ELKS WILL CELEBRATE
FLAG DAY IN THEATER

Atlanta Lodge Completes Interesting Program for Sunday, June 14

Flag day will be celebrated by Atlanta lodge, No. 78, R. P. O. Elks, in the Forsyth theater Sunday evening, June 14.

The program for the evening has been committed by the lodge to the patriotic ritual prescribed by the order will be used. All Elks are expected to attend, and the general public is invited to be there with them.

Governor John H. Smith will deliver the main address. The Elks' tribute to the flag will be given by the following: Ruler V. P. Andrews, R. B. Blackburn, and the Elks of the flag. There will be a program of music suitable to the day and the patriotic spirit of the occasion.

This will be the first time that Atlanta lodge has held its annual celebration in the Forsyth. Heretofore it has been held in the dining room of the home on East Edin street or in the home of the lodge. It was in the home. The committee believed the attendance will be too large this year to find accommodation there.

I. R. Moss is chairman of the Flag day committee. The other members are A. T. Porter, Newman Lauer, Boyd Lovvorn and E. A. Gordon.

MORTIMER WILSON PLANS RETURN TO THE NORTH

Resigns as Conductor of Atlanta Philharmonic Orchestra

Mortimer Wilson has tendered to the Atlanta Musical association his resignation as conductor of the philharmonic orchestra supported by that organization.

Mr. Wilson's hesitation has been in the hands of the association for several weeks. He has now decided to pending a possible reconsideration on his part. He has now definitely decided to sever his connection with the orchestra, and is planning to leave the city at the close of June.

For the next several months, and maybe longer, Mr. Wilson will devote his entire time to writing music. A number of compositions have been "burning" in his mind for a long time, as he expresses it, and the ones he has written have been accepted by a leading music publisher and will be prominently featured.

Mr. Wilson has been in Atlanta two years. His work as conductor of the philharmonic orchestra has won the praise of the highest musical authority in the city, and he has many warm personal friends, who will regret his leaving and whom he regrets to leave.

Demand That Work Be Finished,
and Mayor Backs Them
Up in Blistering Interview

A red-hot protest over the delay in finishing Whitehall street where it has been regarded, from Mitchell street to Garnett street, was filed with the general council yesterday by the merchants doing business in the affected area.

They declared they were promised when work started last October that it would be finished not later than January 1, but instead of keeping its promise the city has let the street go until the present time.

For the rainy weather the street is a river of mud and in dry weather it is a river of dust, with the result that people avoid the blocks between Mitchell and Garnett and the merchants are losing business.

Mayor Woodward, upon hearing of the protest, severely rebuked the city council department. He said he called a conference before the work started of all city departments and public utilities which would have a hand in the work, and got them to agree to work systematically under the direction of the chief of construction, who was to be in full authority.

"The delay is absolutely unnecessary," said the mayor. "It is just this sort of slothful work that disgusts the people with their city government, and I don't blame them. Under our present charter no one man can be held responsible for any one thing. If I had the authority to see that the work was finished, or I'd make it do for somebody. As it is, all I can do is to give vent to my feelings in language. The idea of this great city being blocked for months because of the general worthlessness of the city government! It is an outrage, and I'd like to see the whole city government off the map and put another new one in its place."

The Atlanta Journal,
Atlanta, Ga.,
Gentlemen:

Enclosed please find our check in payment of advertising for the month of May.

We have been getting such gratifying results from our advertising in The Journal, that we feel that we should express our satisfaction to you.

We have used The Journal ever since we started in business last autumn---and, we got excellent results from the very beginning. Every ad in The Journal has brought us most excellent results.

We shall give you below just a few instances:

On Sunday, March 15th, we ran a 100-inch ad exclusively in The Journal---on kitchen cabinets. The next day, we sold 54 Kitchen Cabinets---and we ran no more ads during the week. Notwithstanding, we sold 87 kitchen cabinets during that one week, as a result of that single Sunday ad---and we could have sold more, but ran out of them.

On Sunday, May 24th, we ran a 105-inch ad exclusively in The Journal---on refrigerators and kitchen cabinets. The next day we sold 52 Refrigerators and Kitchen Cabinets. On Wednesday and Thursday business became quiet on these articles, but in Thursday evening's Journal, we ran exclusively a small 32-inch ad on these articles, and business became so brisk on Friday and Saturday, that during that week we actually sold 116 Refrigerators and Kitchen Cabinets.

On Sunday, May 31st, we ran a 72-inch ad exclusively in The Journal, on porch furniture, etc., and on the next day, we were absolutely overwhelmed with business for the articles which were advertised---and our sales force were taxed to capacity.

We are confident that the splendid results that we are getting from our advertising in The Journal will be as pleasing for you to hear about as it is gratifying to us---and that's why we are writing you this letter.

Yours truly

Capitalists to Tour Georgia---Annexation Problems---Other Realty News

CITY PARKS---GRANT PARK, ON THE SOUTH SIDE

One of the main entrances of Grant park, showing its fine trees. Here are all the amusement features of a city park, including the zoo and the lake. Around this park, as around the others, has grown up a populous residential community and much real estate development.

ANNEXATION NECESSITY HERE SHOWN BY RICHMOND'S STEP

Virginia City Already Preparing to Spread Out and Make a Census Record, Although It Would Fall Short of Atlanta Even Then--Annexation in Atlanta Would Mean a Population of Close to 300,000 by Time of Next Census

Some time ago attention was called to the fact that Atlanta would soon have to make ready for the annexation of more territory. There are signs now that other southern cities are already taking this step.

In fact, Richmond has already begun, as this clipping from the Times Dispatch of that city shows:

Richmond's campaign for more territory, in which to grow, began with the appointment of a Special Annexation Committee more than eighteen months ago, enters upon its final stage today with the beginning of hearings in the Henrico county circuit court to determine the equity of the annexation plan which the city has submitted to the court for ratification.

The proceedings follow a petition filed with the court by the city, asking that an order be entered authorizing and declaring the annexation provided in the ordinance. The defendants in the action are Henrico and Chesterfield counties, Ginter Park, and such other towns or individuals whose property is affected as have served notice to the court that they will oppose the annexation lines proposed by the city of Richmond.

Judge A. A. Campbell, of the Twentieth judicial circuit, will preside over the hearings. He was appointed by Governor Mann, in conformity with the provisions of the general annexation law, which requires that the judge shall be from a circuit other than the circuit in which either the city desiring the territory to be annexed or the territory to be annexed.

The same paper contains a map, which would indicate that Richmond is prepared to take everything in sight as well as to make a good showing for the next census.

ALPHRED ON SITUATION. Edward Alphred, however, says that, based on what he saw of Richmond on a recent visit, the addition of the new territory in question will still leave the city about 100,000 below Atlanta in amount of population.

His observation was not absolutely in detail, but he got a pretty fair idea of the extent of the suburban terri-

tory which it is proposed to bring into the city.

He says that this territory does not compare in population with similar territory around Atlanta.

A study of conditions here shows a large number of suburban localities ripe for annexation. There are College Park, East Point, Hapeville, Decatur, Kirkwood, Oakhurst and the East Lake section; Buckhead and the intervening territory.

This doesn't take into account a large outlying population which is not segregated in towns or incorporated, but amounts to a great deal just the same.

In the case of College Park, East Point, Decatur, Kirkwood and Oakhurst, which are incorporated and have their own city conveniences, annexation would be comparatively simple, for those various improvements could be taken over with proper compensation and with a great saving of time.

There is no great hurry about annexation, for it would require probably not over two years to put it through, and the next census is 5 1/2 years off.

Still, the subject is worthy early consideration and study. Outside of incorporated suburban towns, real estate development is halted because of the lack of city conveniences, such as water and sewers.

NEED OF ANNEXATION. Subdivisions, unless opened in incorporated towns having their own improvements, suffer from the lack of proper facilities, and this retards growth is restricted either to Atlanta or those towns incorporated.

It is doubtful whether Birmingham can embrace more populated territory than it now has, although there is a possibility that it might. Other southern cities will seem to be casting around for a means of making a good census showing.

The present Atlanta has gained 25,000 since the last census, the present estimated population within the city limits being 179,000. At this rate of increase, there would be in the present limits by the next census

SMALL APARTMENT HOUSE BUILDING ON INCREASE

It Is Now Main Distinguishing Feature of Atlanta's Construction Work

The main distinguishing feature of building just now, according to data at the building inspector's office, is the increasing number of small apartment houses.

Otherwise building operations are about on a par with this time last year. Dwellings, large and small, run about the same, or maybe a little better, and the same is true of commercial buildings.

The small apartment house, costing around \$25,000 or \$30,000, containing two stories, is on the increase. Several such buildings have already been erected, or are being planned or are in course of construction.

Frame apartment houses are also popular, and several owners have converted two-story dwellings into small apartment houses.

This has resulted in a large apartment house population and the agents seem to have no trouble filling new buildings as fast as they are completed.

Owners who can get rent from four to twelve families on one lot are tempted by the rent return on their investment, and apartment house building seems destined to increase, especially as the city increases in population.

The estimated population of Atlanta and its suburbs at the present time, according to the city directory, which bases its estimate on the territory reached by the car lines, except Marietta and Stone Mountain, is 220,000.

Subtracting 179,000, the population of the city proper, from 220,000, it will be seen that the suburban population is 46,000.

This, added to the population of 225,000, which the city will have by 1920, would give a total population in the city--if the suburban territory should be annexed--of 266,000.

The population of the suburbs, however, would increase relatively as much as that of the city, so that there is not unreasonable to suppose that Atlanta would have close to 300,000 people by the next census.

ANSLEY TO SHOW STATE TO CHICAGO CAPITALISTS

He Will Show the Value of Farm Land for Loans

Edwin P. Ansley, capitalist and real estate developer, has just chartered the Edwin P. Ansley Development company, a \$100,000,000 concern which proposes to do general development in the south, with special reference to loans on farm lands.

Mr. Ansley's idea is to introduce a rural credit plan patterned largely on the European system, by which farmers may make loans at low rates of interest and on long time.

To convince several Chicago tourists of the value of Georgia farm lands as security for mortgages, and a preliminary to the organization of his company, Mr. Ansley will escort them through a large portion of the state on an automobile tour.

LEAVE ON TUESDAY.

The party will leave Atlanta Tuesday morning, visiting Newnan, LaGrange, Columbus, Americus, Albany, Moultrie, Thomasville, Quitman, Valdosta, Tifton, Ashburn, Cordele, Macon and Griffin, and the smaller towns between, returning to Atlanta Saturday night.

Believing that this proposed company is a move in line with the efforts of the Georgia Chamber of Commerce to encourage the establishment of a more liberal system of rural credit, that organization has, at Mr. Ansley's request, notified the commercial organizations of the towns to be visited of the coming of the party in order that information may be ready for the visitors from the west.

When asked for information as to the plan of the company, Mr. Ansley said:

It is our intention to make loans to farmers on much longer time than has been the practice in Georgia heretofore, and on lower rates of interest. The principle on which the land banks of Germany are organized and operated is that upon which we have modeled our company in the main. It is a feature of the local organization in each county, an officer of a local bank, who will handle the funds for the county. There will also be a local board of directors, and the local bank will apply for loans after appraisal of the property by a board of disinterested persons not connected with the company. The loan will finally be ap-

proved by the board of directors of the parent organization, the headquarters of which will be in Atlanta.

It is proposed to dispose of the farm mortgages to foreign investors through construction now being formed and to re-lend the funds derived from the sale of these mortgages. In this way the entire available capital of the company can be loaned several times each year.

The standard length of time in Europe for a long time loan is 10 to 15 years. The present rate is 4.85 per cent, divided as follows: Interest 4 per cent, administration .25 per cent and payment on principal .59 per cent. This rate will pay both principal and interest and repay all charges due the bank in fifty-four years. This may seem incredible but a concrete illustration will prove it true. If the debt were \$1,000 the debtor will pay \$24.25 every six months. Of the first payment \$20 will go for interest, \$1.75 belongs to the bank, and \$2.50 is applied to the repayment of the principal. When the debt is half discharged, however, the distribution will be greatly changed. The borrower will pay \$24.25 as usual, but only \$10 will go for interest, \$8.88 cents will be retained by the bank, and \$13.37 will be applied to the discharge of the principal. In this way one-half of one per cent will repay the principal in 54 years provided a constant payment is maintained on the principal for interest during the entire period.

Those in the party will probably be: John H. McNamara, president, North American Life Insurance company, Chicago; Col. Knox and J. H. Prentiss, vice presidents of that company; George T. Rowland, capitalist of New York; Edwin P. Ansley, J. M. Stephens, Dr. J. W. Mayson, S. Z. Raff, J. Hope Tigner, W. H. Allen, W. H. Leahy and Albert M. Smith, of Atlanta; Kent Knudsen, of Tampa; M. V. Richards and O. J. Stephens of the Southern Railway; J. F. Jackson of the Central of Georgia railway; J. P. Billups of the Atlanta and West Point, and representatives of the Atlanta newspapers. Mrs. Edwin P. Ansley and Miss Mamie Ansley will probably accompany Mr. Ansley.

Mr. Ansley is confident that the progressive citizens of the counties visited will be able to themselves convince the visiting capitalists that there is no security in the world safer than Georgia farms.

The following is the present plan

of the itinerary: Leave Atlanta 7 a. m., Tuesday; Leave Newnan 9:30 to 10:30, June 9; arrive LaGrange 1 p. m. to 2:30; arrive Chipley 5 p. m.; arrive Hamilton 6 p. m.; arrive Columbus 7:30 p. m., Tuesday; Leave Columbus 10 a. m., Wednesday; arrive Buena Vista; arrive Americus 1 p. m. to 2:30 p. m.; arrive Smithville; arrive Dawson 5:30 p. m. to 6:15 Wednesday, June 10; arrive Albany 7:30 p. m., Wednesday; Leave Albany 9:30 a. m., Thursday; arrive Silver Spring 10:30 to 11:30; arrive Moultrie 1 p. m. to 2:30; arrive Pelham 2 to 2:30 p. m.; arrive Thomasville 7:30 p. m., Thursday; Leave Thomasville 10 a. m., Friday; arrive Quitman 12 a. m. to 2:30;

the Reeves-Clene Realty company announce that they have sold over 500 acres of land and several of the parcels have been made plans for building. One house is being completed and material is on the ground for three more. Improvements are being put down and the lots are subject to certain building restrictions. proved by the board of directors of the parent organization, the headquarters of which will be in Atlanta.

It is proposed to dispose of the farm mortgages to foreign investors through construction now being formed and to re-lend the funds derived from the sale of these mortgages. In this way the entire available capital of the company can be loaned several times each year.

The standard length of time in Europe for a long time loan is 10 to 15 years. The present rate is 4.85 per cent, divided as follows: Interest 4 per cent, administration .25 per cent and payment on principal .59 per cent. This rate will pay both principal and interest and repay all charges due the bank in fifty-four years. This may seem incredible but a concrete illustration will prove it true. If the debt were \$1,000 the debtor will pay \$24.25 every six months. Of the first payment \$20 will go for interest, \$1.75 belongs to the bank, and \$2.50 is applied to the repayment of the principal. When the debt is half discharged, however, the distribution will be greatly changed. The borrower will pay \$24.25 as usual, but only \$10 will go for interest, \$8.88 cents will be retained by the bank, and \$13.37 will be applied to the discharge of the principal. In this way one-half of one per cent will repay the principal in 54 years provided a constant payment is maintained on the principal for interest during the entire period.

Those in the party will probably be: John H. McNamara, president, North American Life Insurance company, Chicago; Col. Knox and J. H. Prentiss, vice presidents of that company; George T. Rowland, capitalist of New York; Edwin P. Ansley, J. M. Stephens, Dr. J. W. Mayson, S. Z. Raff, J. Hope Tigner, W. H. Allen, W. H. Leahy and Albert M. Smith, of Atlanta; Kent Knudsen, of Tampa; M. V. Richards and O. J. Stephens of the Southern Railway; J. F. Jackson of the Central of Georgia railway; J. P. Billups of the Atlanta and West Point, and representatives of the Atlanta newspapers. Mrs. Edwin P. Ansley and Miss Mamie Ansley will probably accompany Mr. Ansley.

Mr. Ansley is confident that the progressive citizens of the counties visited will be able to themselves convince the visiting capitalists that there is no security in the world safer than Georgia farms.

BETWEEN the Peachtree, I have a beautiful 8-room, 2-story, brick veneer, furnace heated home with hardwood floors and everything strictly modern, that I am offering at a bargain. House too large for owner, and would accept nice lot as part payment—Ansley Park preferred.

PIEDMONT AVENUE, south of Tenth Street, a splendid two-story, furnace heated home on an east front lot for \$6,400; assume \$3,500 loan, balance cash. It's an \$8,000 property.

SEVEN-ROOM cottage within walking distance, near Peachtree, for \$5,200. It's on a corner, too.

ANSLEY PARK home. Price \$8,000. Will take Peachtree Road lot beyond Buckhead as part payment.

MERRITT'S avenue, near Piedmont avenue, a splendid 9-room, 2-story house for \$6,000. The land is worth that much alone.

SIX-ROOM bungalow, within 300 feet of Ponce de Leon avenue, hardwood finish, the porch and tile bath, furnace. Price \$6,500. Easy terms.

NORTH SIDE, eight-room, 2-story, brick veneer with tile roof. Positive the handsomest home for the money asked to be had. East front, corner lot, with garage. Price \$13,500.

MYRTLE STREET, 8-room, 2-story, vapor heated home, East front, corner lot. Price \$12,000.

CALL MY phone, Main 2091 and ask for an engagement to see any of these properties.

The Best "Buys" in the City

CLOSE to Peachtree, on West Baker street, we have a real bargain. The lot is 75 feet across the rear, 200 feet deep, side and rear alleys. Just right for a garage in the rear and an apartment in front; in fact, the lot is suitable for most any kind of business building. It has a house and a large barn renting for enough to carry it. For immediate sale we can sell this splendid proposition far less than the market price on easy terms and long time. This is your opportunity to make big money. Call at office for plot and particulars.

A Spring Street Corner

JUST beyond North Avenue—the best part of the street. An ideal apartment site. Ask any one who knows. They will tell you this is the best thoroughfare in the city for enhancement in value. If you don't know, find out what is going to take place on this street; then come in and buy this money maker.

Two Beautiful Residence Lots

100x300—SIDE BY SIDE in the prettiest residential section of the city; elevated, east front, shade, all city improvements, on car line, close to schools and churches. Very reasonable prices. Let us show them to you before they are sold.

A BEAUTIFUL HOME

630 Highland Avenue

LOT 200x310 to a 15-foot alley, shade, elevation and east front. An ideal lot. This house is brick, two stories, eight rooms, sleeping porch, hot water plant and modern conveniences. The owner has purchased a country home and has authorized us to sell this beautiful property as a whole, or will subdivide. The house can be sold on a lot 60x120 at a very close price. The balance can be cut up into smaller lots, about 50x200, each. Call at office for plot and particulars.

RIDERS OF INDIAN MOTORCYCLES ENTERTAINED WITH BIG BARBECUE ON PEACHTREE ROAD

INDIAN MOTORCYCLE RIDERS AT BARBECUE.

Hendee Manufacturing Company is Host to 100 Guests at "Blow-Out" at Folsom Place Beyond Buckhead

The Hendee Manufacturing company, through its local branch manager, W. E. Johnston, was host to the riders of Indian motorcycles in Atlanta and vicinity at a barbecue last Sunday. The

occasion brought together the largest gathering of motorcycle riders that has been seen in this part of the country. An one resident of our Peachtree road, at 17, it is known there was a blow-out of red motorcycles in town, but by Jimmy, they must get a new car load in since the last time I went to the city. Solo, tandem and by side car, a hundred strong, the riders crowded the roads of the north side Sunday morning, making brilliant flashes of the familiar Indian red through the shaded green of the residence districts.

The scene of the spread was at the Folsom place on Peachtree road beyond Silver Lake. On the oak knoll above the pond, three carcasses of about and mutton had spent a restless night over the pits, while a large pot of Brunswick stew simmered on the side. Near by, long tables had been spread, large enough to accommodate the hundreds of guests, and these were loaded with numerous accessories necessary to a proper appreciation of Georgia's dishes. It was some barbecue, Jim Chapelle

said to himself, and Jim ought to know, because long before he began to prepare delicate dishes with long names on the New Orleans limited (where he has been chef for the past few years), he used to toast marshmallows at least once a week in the woods of north Fulton. This is the first of a series of events planned for the benefit of Indian motorcycle riders. (Other tours will be held in the near future, each with a characteristic southern "blow-out" at the end.)

OGLETHORPE PARK vs. ANSLEY PARK

1914 vs. 1904

Prosperity vs. "Croakers" — Oglethorpe Park vs. Ansley Park

Oglethorpe Park is as directly in the line of development as Ansley Park was in 1904, and its increase in property values will be just as great.

Ten years from today Oglethorpe Park will have as many handsome homes in it as Ansley Park has today.

The Croakers will tell you differently, but watch my prediction. There are only two classes of citizens in Atlanta: THE ONES WHO LIVE ON THE NORTH SIDE and the ONES WHO WANT TO LIVE ON THE NORTH SIDE.

Visit Oglethorpe Park immediately, and you will be surprised at what you find there today. The streets are all graded and the lots are all staked. You can select anything from a three-quarter-acre building lot to a fifteen-acre chicken farm. Every lot will double in value within

five years. You can buy these lots with your salary, or any way you please.

Have your own agent help you to select your lot, and take his judgment as to future values, if you are not willing to accept mine.

More homes have been built north of Peachtree Creek in the last twelve months than in the ten preceding years.

Peachtree road will be built up solid to Oglethorpe University within ten years.

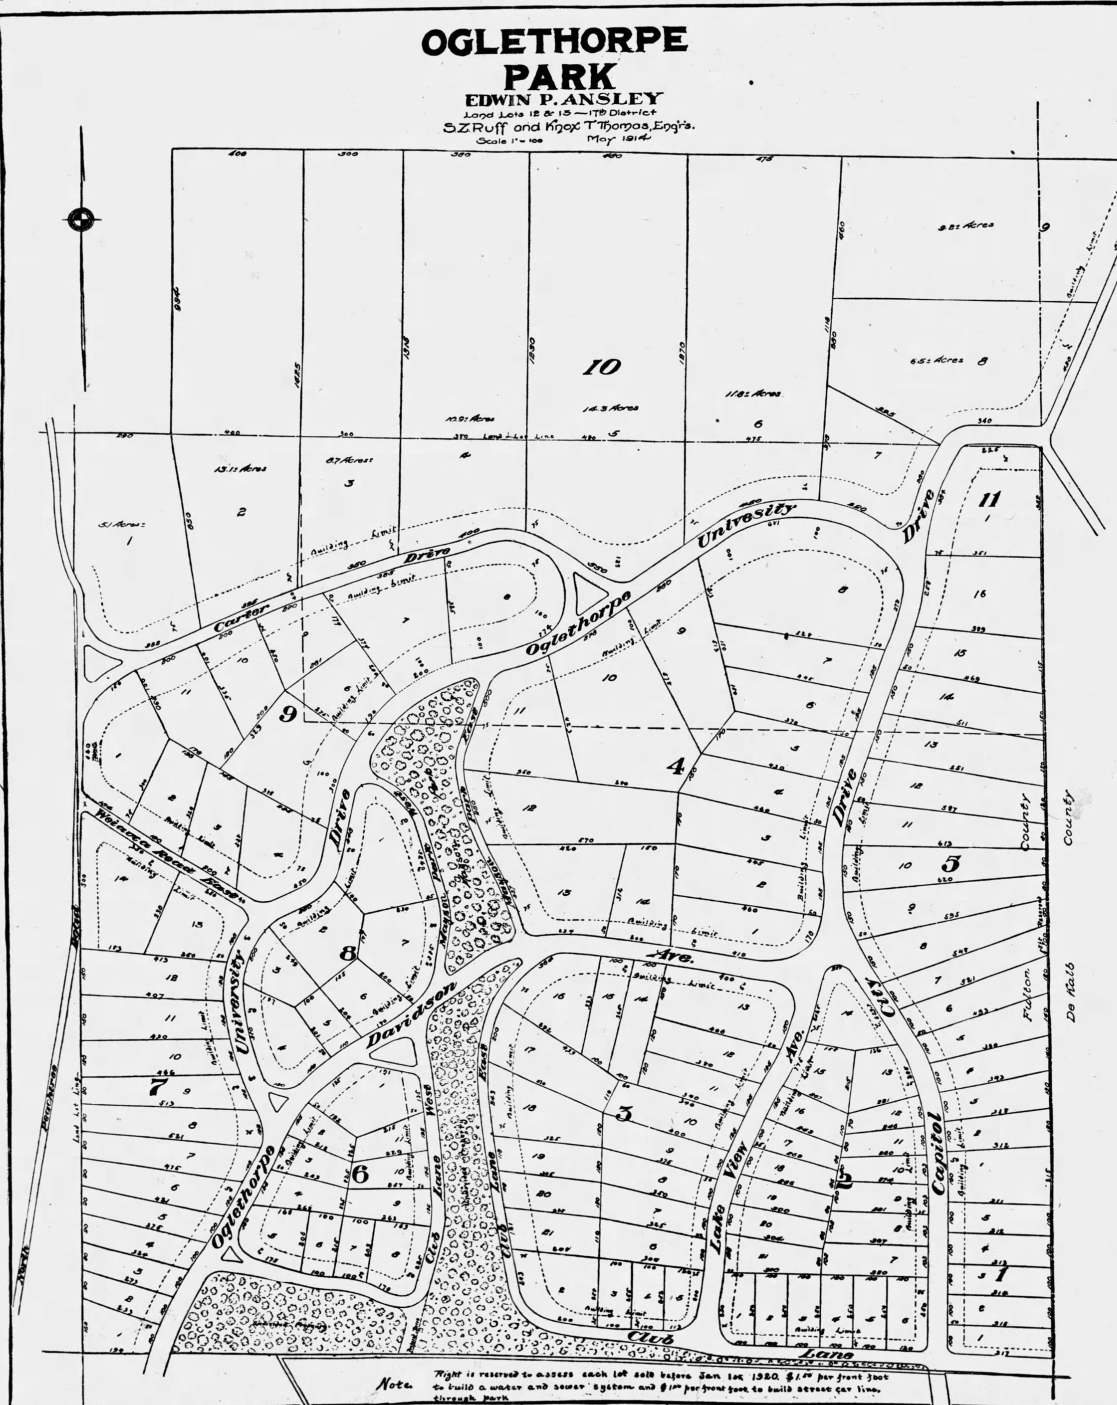

Peachtree road frontage to the DeKalb county line is a good investment today at any price under \$75 per front foot, and will double up in ten years.

The Peachtree Battlefield will be the handsomest and most popular National Park in America within the next ten years.

A PRICE CARD IS PLACED ON EACH LOT—DRIVE OUT AND EXAMINE THEM.

1914 vs. 1904

In 1904 the city limits ended at Sixth street.

In 1904 Ansley Park was assessed by the City of Atlanta at \$2,000,000, and paid \$100,000 in taxes to the City and \$200,000 in Fulton county.

In 1904 Atlanta's population was 85,000.

In 1904 Atlanta's bank clearings were \$60,233,011.12.

In 1904 Atlanta's bank clearings were \$155,022,505.15.

The postoffice receipts in 1903 were \$415,500.00.

In 1904 Atlanta had only half a dozen skyscrapers.

In 1904 the assessed value of Atlanta real estate was \$45,333,000.00.

In 1904 there was not a house in Inwood Hills and only one good house on Peachtree Lane between the railroad and the country line.

Every section in the extended city limits has shown the same wonderful development.

The next extension of the city limits will take in Kirtwood, Oakhurst, Decatur, East Point and Buckhead.

In 1913 Ansley Park was assessed by the City of Atlanta at \$2,000,000, and paid \$100,000 in taxes to the City and \$200,000 in Fulton county.

No taxable value increased 11,000 per cent in eight years.

In 1914 Atlanta's population was 125,000—an increase of 46 per cent.

What will it be in the next two years?

An increase in 20 years of 1,000 per cent.

The regional bank makes Atlanta the south's financial center.

Postoffice receipts for 1913, \$1,325,000.00.

From 1906 to 1913 investments in buildings alone amounted to \$18,515,000.00.

For the past three years it has averaged over 1,000 new homes per annum.

What will the next ten years produce?

In 1913 the assessment of Atlanta real estate was \$121,000,000 and in 1914 it will be over \$130,000,000.

The total city assessment for 1913 was \$12,325,477.

Four de Leon avenue is now built up solid to the peach line, and there are many beautiful homes in Inwood Hills.

Prosperity vs. Croaker

Ten years ago the world did not believe the Panama Canal would ever be built. Today it is a finished product. Its opening means that the tide of trade will change in the United States and that the South and her Southern ports will enter upon an era of untold prosperity.

Ten years ago the farmers of the South could not get money to properly improve their farms at any price. Today President Wilson has proven himself the greatest real estate agent the world has ever known, and is forcing the water out of the "boasted" listed stocks in the gambling houses of the United States and is removing the embargo laid on America's greatest producer—the farmer, and allowing him to use his only security as an asset for National Bank loans.

The world now realizes that mortgages secured by productive farm lands are the safest and best securities obtainable, and from this day forward they will be the most popular securities for all classes of trust funds, because man's mismanagement cannot affect them and no water has to be squeezed out of them.

Ten years ago there were only a few automobile garages in Atlanta. Today every automobile manufacturer either has a salesroom here, or will soon have one, and will be forced to locate a branch of his factory here to save freight rates.

Only a few years ago all the cotton factories of the country were located in the East. Within a few years they will all be located in the cotton fields for the same reason.

The same reasons that force the automobile and cotton factories to come South will force all the large manufacturing plants to locate branch factories here.

Ten years ago there was not a good road in Georgia outside of the counties in which her largest cities were located, and the average price of Georgia farm lands was \$10 to \$15 per acre. Today every county in Georgia is planning a system of good roads and farm lands are worth from \$25.00 to \$100 per acre, and will double within the next five years.

Ten years ago the average yield of cotton per acre was one-quarter to one-half bale per acre. Today intensive farming produces from one to five bales per acre.

Ten years ago Georgia's average corn crop yield was 15 to 20 bushels per acre. Today boys under 20 years of age are making from 100 to 200 bushels per acre.

Georgia's agricultural crop for 1913 was \$458,000,000 and her manufactured products were valued at \$200,000,000, making a total production of nearly one billion dollars.

Figure for yourself the thousands of other things that show Atlanta and the South's wonderful growth within the last ten years that guarantees the wonderful future growth of this wonderful development.

Home Equipment for Brides Is Worthy of Careful as Loving Selection

SILVER nowadays is regarded as necessary in even modest homes. Friends should see that every bride receives a full quota of dining room silverware from the Haynes collection, gathered especially for this season's marriages.

Simplicity and the refinement of soft lines dominate the fashion in silverware for 1914 brides, these ideas being developed perfectly in the popular patterns included in this list of designs:

LOVELY VISITOR FROM CALIFORNIA

MISS ROBERTA HENRY.
Miss Henry is a charming visitor from San Francisco, who is again the guest of Mrs. Robert C. Alston at her home on Peachtree road. She will be tendered a series of informal parties during her stay.

SIGNS OF THE TIMES

WITH the coming of June a new diversion has opened for the social set. The airy summer costume of frilled organdies and lace and ribbons and becoming flower wreathed picture hat has given place to the modish bathing suit. Swimming parties and the vogue of the hour, and from all indications will continue to be the favorite pastime for the rest of the summer. Bridge has been relegated to the freetime and to autumn days, and everywhere one hears plans being made for swimming parties. The opening of the large swimming pool at the beautiful home of Mr. and Mrs. Forrest Adair in Druid Hills has brought consolation to the hearts of many. Sultry June days are forgotten in the cool depths of the pool, and all summer merry throngs will gather at the hospitable home to enjoy the fascinating pastime and the cool water. Another pool, which is the means for many and was the scene of much enjoyment during the past summer is the one belonging to Mr. and Mrs. Morris Brandon on the Pace's Ferry road. Merry bands of young people are beginning to gather each afternoon at the beautiful and picturesque Capital City Country club and at the ever popular East Lake and if the popularity of this form of exercise continues to grow, it is quite safe to predict that the fashionable cost of tan suit necessary to a summer's outing may be found right here in Atlanta instead of having to go a far journey to the seashore to secure it.

Al Fresco Tea

A beautiful event of Friday afternoon was the tea given by Mrs. Charles E. Pattillo on the lawn of her home in Decatur. Mrs. Pattillo was assisted in receiving by Mrs. Ruth Pattillo, Mrs. Frank Pattillo, and Mrs. R. C. Holzclaw. Mrs. Emory M. Pattillo and Mrs. Alfred C. Knight served punch from a crystal bowl wreathed with nasturtiums. A large number of friends called during the late afternoon.

Opening of Country Club

The opening of the Capital City Club Thursday evening, with a dinner dance which will be featured throughout the summer months, placed still another pleasant diversion on the weekly list of events for society. On this occasion the club apartments were beautifully decorated and the tables, where first tea and then dinner was served, were placed on the wide porch overlooking the lake, each decorated with a cluster of fragrant flowers. In the early evening the approach to the club was lighted with Japanese lanterns, which were also strung around the veranda and lighted the paths to the lake. Several hundred guests were assembled in parties of eight and ten, the occasion proving one of especial pleasure.

Bridge Club Entertained

Mrs. Hugh Bergeron Club entertained her bridge club Tuesday afternoon at her home in Inman Park. Mrs. Dewitt C. Jones, who has recently come from Jacksonville, Fla., to make her home in Atlanta, was the honor guest of the occasion, and to entertain her, besides the club members, were Mrs. C. R. Pyburn, Mrs. L. T. Pattillo, Mrs. G. Roberts, Mrs. John Dennis, Mrs. W. D. Phillips, Mrs. Charles Clark, Mrs. J. C. Cunningham, Mrs. E. Larendon and Mrs. Joseph Brown.

Anniversary Reception

Mr. and Mrs. Frank Leland will entertain at a reception in the Western Club restaurant on Tuesday evening, June 9, from 8 to 11 o'clock, in celebration of their silver wedding anniversary.

Bridge Party

Mrs. Ridley Harwell and Miss Irene Rockmore will entertain at bridge Tuesday afternoon, at their home on Moreland avenue, in honor of their guest, Mrs. John Robert Orr, of Triton, and Miss Willie May Albert and Miss Lottie Dobbins, two brides-elect.

FROHSIN'S
The Very Newest Styles Women
Will Wear This Summer
—Thin Dresses—Capes—Skirts—Blouses—
Have Arrived at Frohsin's!

THE leading New York City stores have just begun to display the "HOT WEATHER" apparel that women will be wearing at fashionable summer resorts or at home. Mr. Frohsin, who returned from the metropolis, a few days ago, has brought to Atlanta the exquisite styles that are now simultaneously on view in New York's smart shops—and at FROHSIN'S! They include the following!

- Thin Dresses Brand-new Dresses, in the very latest models—of high-grade thin fabrics—are at this store—awaiting your admiration. They are of principally Voiles and Crepes—white and solid colors—also striped and floral effects. Prices are \$4.75, \$6.75, \$8.75, \$10.75, \$12.75, \$15.75 and \$24.75.
- Capes Then, we have the NEW Capes and Cape Coats—without one of which you'll feel that your wardrobe is really incomplete—if you see them. These are of Serges, Gouffes, Satins, Shantung, Ratines, Chinchillas, white and colors—and plaids and Shepherd Checks. \$5.75 to \$24.75.
- Skirts In separate Skirts, too, we are showing many new arrivals—they're in the very latest models. Materials are Silks, Woolens and Washable fabrics. \$1 to \$15.
- Blouses And, you'll surely be interested in these new Organdy Blouses which will be on sale here tomorrow. Absolutely the "last word" in blouses are they! Some are plain tucked—others embroidered or lace-trimmed. \$1.29, \$2.45, \$3.45 and \$5.75.

ALTHOUGH these goods have only just arrived from our very best New York dressmakers, we are putting them on sale at a very close margin of profit—at prices that are so reasonable that they'll sell rapidly. Better come early!

New Dresses—Distinguished and Most Artistic Have Just Arrived

They Are Going Out at the Most Remarkable Special Prices Monday

To those who are planning for the long summer holiday, with its need of airy frocks—we would like to say, you can buy here, tomorrow, the best and most charming Dresses we have ever offered you at such modest prices.

They are every one new, and the last word as to style, fabric, color, tones, etc. Many beautiful novelty Dresses, of which there is only one. Just such as will be needed for many occasions of summer time wear, at home or abroad.

Those who share them must buy early Monday—for we believe there is not enough to last the morning through.

There are two collections, at two prices. And let us add, these prices are the lowest we have ever put upon dresses of such value—prices could be made possible by a special purchase of our buyer, who has just returned from market. But—

Share these tomorrow:

Dresses at \$5.75 Dresses at \$15

Those at \$5.75—are sheer, cool, airy little frocks of such materials as crepe, voiles, plain and novelty silk stripe voiles, fancy weave rice cloth—so many different styles that to tell you of all is impossible—but we invite you to see them all, and to make your selections from them. There are also in this collection some stylish three-piece suits of ratine. No end of long tunic dresses of fascinating styles.

Those at \$15.00—dresses of beauty and elegance—and when we say that, we know that it comes far short of expressing their real charm.

The fabrics are exquisite, and the color tones just such as fashion has decreed for the season. Mainly long tunic dresses; soft, beautiful crepes de-chine, with long tunic of brocade silk; then, there are novelty silks and rich novelty crepes of value and distinction that make them really wonderful at this price. Many of them—had they been bought in an ordinary way—would be priced to you Monday at \$35 and \$40—as it is you may choose from them and pay only \$15.

WEDDINGS OF THE WEEK

Westmoreland-Babbage

The wedding of Miss Elizabeth Westmoreland and Mr. John D. Babbage, Jr., was a beautiful event of Saturday, taking place at high noon at the home of the bride's brother and sister, Mr. and Mrs. Henry L. DeGivie, on West Peachtree street.

Only the immediate relatives and a few close friends witnessed the quiet wedding service, which was impressively solemnized by Rev. W. W. Menzies, of All Saints' Episcopal church.

The place of ceremony in the living room was marked by an altar of palms studded with waxen tapers. Tall vases were filled with the pure blossoms, and at each side of the altar lighted tapers burned in brass candlesticks.

Mrs. Henry DeGivie was her sister's matron of honor, wearing a beautiful morning gown and hat of white crepe and carrying a bouquet of pink sweet peas.

Little Misses Mary Lewis DeGivie and Katherine Flasier, niece and cousin of the bride, were the flower girls, dressed alike in dainty white lingerie frocks over slips of pink tulle and wearing pink lingerie hats.

Mr. A. N. Hurnbaum, of Louisville, Ky., served the bridegroom as best man. The bride wore a traveling suit of blue faille with touches of yellow, over a lovely blouse of pale orange tissue and lace. Her hat was of blue Milan straw faced with orange and trimmed with guirles. She carried a shower bouquet of valley lilies.

An informal reception and wedding breakfast followed the ceremony. The bride's mother, Mrs. R. W. Westmoreland, was assisted in receiving by her sisters, Mrs. Frank Orme and Mrs. S. W. Guerard, and Mrs. Park Woodward.

The table in the dining room had a mound of pink sweet peas fringed with maidenhair fern and encircled by silver candlesticks holding pink and white tapers.

The porch was screened with tall palms and ferns, and punch was dispensed by Miss Lottie Wylie, Miss Estelle Fort and Miss Laurence Horne. Mr. and Mrs. Babbage left for a wedding trip to New York and Greenbrier White Sulphur Springs. They will visit relatives of the bridegroom in Kentucky, before returning to Atlanta, and will be at home at the Hotel Piedmont until the completion of the De Luxe apartments in Ansley park.

Beasley-Jenkins

An event of Sunday morning was the wedding of Miss Gertrude Jenkins to Dr. Benjamin Taylor Beasley, which took place at 9 o'clock at the home of the bride's parents, Dr. and Mrs. M. Jenkins, on Highland avenue. Dr. T. P. Cleveland officiated.

Miss Avalon Morris, Miss Eva Baker, Miss Grace Mauck and Miss Ella Lee Cobb, were bridesmaids, and wore white lace gowns and carried pink roses. Miss Annie Mae Jenkins, sister of the bride, the maid of honor, was gown in pink crepe and carried white roses. Dr. Beasley, Dr. Taggett and Dr. Byrd, classmates of the groom, were groomsmen.

Little Miss Ruth Jenkins and Master Jack Hutton were ribbon bearers. The bride was gown in white crepe and carried white roses. Her veil which fell to the end of her train, was adorned with a little cap and caught with sprays of valley lilies. She carried a shower bouquet of bride's roses and valley lilies. Mrs. Baker sang "Because" and "For You Alone."

The bride's mother, Mrs. M. K. Jenkins, was gown in the lavender crepe and carried white roses.

Assisting in the entertainment of the guests were, Mrs. Newton, Mrs. Huddleston, Mrs. Pounds, Mrs. Tucker, Mrs. Ginter, Mrs. Lumpkin, Mrs. Lusk, Mrs. Barr, Miss Annie Luther Williamson, Miss Marjory Williamson, and Miss Elmina Gresham.

Punch was served by Miss Inez Parr, Miss Mildred Parr, Miss Helen Lumpkin, Miss Helen Parr, and Miss Lucile Parr.

Miss Mary Ole Lee and Miss Bessie Burnstead kept the bride's house.

Mathis-Lankford

The marriage of Miss Mabel LeClair Lankford, of Walkersville, daughter of Mr. and Mrs. William Bedford Lankford, to Mr. Charles Mathis, of Macon, was solemnized at the Christian church on Wednesday afternoon, June 3.

Among the out-of-town guests present for the interesting event were Mr. and Mrs. Smith and Mr. Anderson of Macon, Mr. Mathis, Mrs. Tharpe Baldwin and daughters of Atlanta.

VACATION AT BRENAU A PRIVILEGE

THERE are hundreds of teachers and students throughout the south who consider it their most delightful privilege to spend a vacation at Brenau Summer School. Here is found that delightful blending of work and play which gives zest to work, and pleasure to play.

VACATION is recreation, and recreation is found in change of occupation rather than cessation from labor.

IT IS to find this most satisfying recreation you are invited to enjoy your vacation at Brenau.

THE Summer term begins on June 30th, and continues for six weeks.

A program of study and diversion has been arranged which will afford both recreation and improvement for those who attend. Teachers who are worn out with their school duties, just concluded, and are in search of a cool climate in which to recuperate, and at the same time desire to perfect themselves in certain branches of study will find the Brenau course most admirably adapted to their wishes.

GAINESVILLE, in the foothills of the Blue Ridge mountains, has long been famous as a health resort. The courses of summer study in music, art, oratory, languages, literature, mathematics and domestic science are arranged to meet the needs of the mature students who desire post-graduate work, as well as the young ladies preparing for college.

THE college campus covers an area of 100 acres, including an artificial lake, a number of mineral springs and a hardwood forest. A camp for girls in the forest, near the lake, and near the college, under competent chaperonage, offers fine opportunity for outdoor life, either with or without study.

A NUMBER of cottages are offered for rent to September 1st. Regular session opens September 10th.

Honorable mention was given the essays of Miss Mamie Branch Powers and Miss Helen McCarty.

SAYS Q-BAN FINE TO DARKEN GRAY HAIR

Apply to Hair and Scalp Like a Shampoo—Hair Darkened So Evenly No One Can Tell

"Q-Ban hair color restorer" says a renowned hair and skin specialist, "applied to hair and scalp on retiring, just like a shampoo, will darken the gray, faded or streaked with gray hair, not evenly and naturally just so one can tell it has been applied. In addition your hair will have that soft dark lustre and appearance of abundance which makes the hair so fascinating and attractive. It is not a sin to have gray hair and look old, but is unnecessary, as Q-Ban hair color restorer will keep your hair a dark, even shade and make you look young and vigorous. Try it. Q-Ban hair color restorer is not sticky; harmless, delightful to use. It will please, delight and surprise you with soft, fluffy, dark, beautiful hair and lots of it. A large 7-ounce bottle sold and guaranteed for only 50 cents by Edmondson Drug Stores, 11 N. Broad St. and 106 N. Pryor at Atlanta, Ga. Out-of-town people supplied by mail. (Adv.)"

Crawford Still Leads Sluggers Of Am. League

Jack Dalton Is Real Leader of Nat'l Sluggers

Wahoo Sam Batting Ball at a .344 Clip-Joe Jackson Drops to Ninth Place-Oldring and Walker Climb Up in Standing

Sam Crawford is still leading the bats of the American league and through games played on Wednesday Wahoo Sam was sticking for an average of .344. The feature of the week's activity was the ash, however, was the slump of Joe Jackson. Joe toppled from second place to ninth, and possesses an average of only .214. While Joe was sliding back Ty Cobb is still standing at .324, being out of the game because of injuries.

In the meantime, two new entries in the field have appeared in Bob Crawford of the Athletics, and Clarence Walker of the Browns. The Mack entry stands second in the field with a .321. Bob is really third with a mark of .331. Clyde Miller is dividing the honors with Fritz Mausel of the Yankees, both having availed 17 bags. Crawford and Howard Shanks of the Senators are tied in fourth with a .244.

McCormick Now Leading Southern League Batters

The Moose Has Replaced Kirby, Whom He Tops by Eight Points - Callahan Is Leading Base Stealer - McConnell Only Cracker in .300 Class - Club Third in Team Batting

By timely wading of his deadly blades during the past week, Harry McCormick of the Lookouts took the lead in the race for batting honors in the Southern league, replacing Lase Kirby, the Mobile larruper, who has been leading the chase for two weeks. Up through the games played Wednesday the Moose was sitting on an average of .372, while Kirby was eight points back. The lay-off due to injury, appears to have helped Charlie Street's batting eye, and he is anchored in third place for the twenty-five games in which he had taken part, up to the above date. Dave Callahan and Pete Knisley are having a hot race for base stealing hon-

ors, with the Vol gardener leading by a margin of three out of 22 to 1. Furthermore, a ex-cracker is hitting only .285 against .342 for the team, which should give the later considerable advantage. Only McConnell is the only Cracker in the .300 class with a mark of .300. Club Third in Team Batting

Kauf Replaces Evansas Leader Of Fed Batters

Indianapolis, Player Now Tops List With Mark of .415-Is Also Leading League in Stolen Bases - Joe Agler Drops to .255

After leading the procession of Federal league batters for several weeks, Steve Evans, former Cardinal outfielder, who is now playing the Brooklyn Taps, fell from grace during the past week, and young Kauf of the Indianapolis club has replaced him. The Hoosier player is sticking at a .415 clip. First Baseman Bradley of the Pittsburgh team is second, while Evans is now third.

Kauf is also proving his worth to his club in his running, the youngster has stolen 15 bases, and leads the league in this respect. Runt Walsh, the old Fed utility man, is leading in home runs with 8. Eddie Lennox, former Dodge infielder, leads in total bases with the fat collection of 95. No less than twenty-eight players are hitters 300 or better. Joe Agler has lost his hold and is now hitting only .255.

DROUGHT AND DELAYED GARDENS CAUSED BIG DEMAND FOR PRODUCE

Wholesale Grocers Enjoyed Largely Increased Trade in Potatoes, Cabbage, Snap Beans, Squash and the Like

OUT-OF-TOWN DISTRICTS SHOWED MARKED DEMAND

General Crops of Corn and Cotton Not Materially Hurt by Drought-Rains Have Come and Outlook Is Bright

The long drought in Atlanta's territory has not only happily ended but has also brought about a marked increase in the demand for produce. The wholesale grocers feel a decided bias which they attribute to the fact that the dry weather has checked the growth of the vegetables in the gardens of the country. The demand for produce from other sources is also increasing.

"CROPS ARE NOT IN SUCH BAD WAY, AFTER ALL"

Traveler, After Trip, Says Rains Will Quickly Bring Out All Crops

L. A. Shirley, Macon, traveler for the American Coffee company, of New Orleans, and a prominent member of the traveling men's organization, was a visitor in Atlanta Friday, after a sales trip through north Georgia. "Notwithstanding the long drought," said Mr. Shirley, "I do not find the crops in such a bad way after all. Cotton is in good shape, and the corn is looking well. Some of the cotton that was thought to be a total loss has been saved by the rains. The outlook is bright."

SALES OF THE ROAD

STORIES OF ADVENTURE ALONG THE WAY TOLD BY ATLANTA TRAVELERS

THE DANGERS OF FRIENDSHIP

"The salesman who can make friends readily is a valuable man for his house," remarked an old traveler in discussing the value of the salesman. "The salesman who can retain the friendship of his customers year after year is still more valuable. In fact, it is easier for any salesman to make customer friends than it is to keep them. The ability to do the latter is comparatively rare, while the number of salesmen who with their brains, hand-shaking, joke-telling and all the other tricks of the trade order is legion. The real test comes after the sale."

"The dangers of friendship," said the traveler, "are many. The first danger is that the salesman will become too friendly with his customers. He will begin to take their advice, and he will begin to lose his independence. The second danger is that the salesman will become too friendly with his competitors. He will begin to reveal their secrets, and he will begin to lose their confidence. The third danger is that the salesman will become too friendly with his family. He will begin to neglect his duties, and he will begin to lose his business."

You Don't Have Trouble With This "QUEEN"

Our "Queen of the Pantry" is undoubtedly the best flour you can buy.

That's strong, but it's so.

HAYWARD & CLARK COTTON LETTER

REKX.

OILYLAND, 18 July 6. The weather map shows that favorable conditions have prevailed over the cotton belt since Monday hours. Little rain in the western belt, general showers in the northeastern quarter with normal temperatures. Indications are for fair weather over the entire belt with probably a rain disturbance coming on the northeastward end over Sunday.

A reactionary tendency on the prevailing wind has been noted at the following places:

J. L. GRICE IS APPOINTED TO ADJUTANT IN CAVALRY

Joins Staff of Major Seamans
in Second Squadron of
N. G. G.

J. L. Grice, of Atlanta, has been appointed to the post of adjutant of the Second Squadron of Cavalry, National Guard of Georgia, on the staff of Major J. O. Seaman, commander of the squadron, who made the appointment, and will enter on his duties immediately. The rank of the adjutant is first lieutenant. He is the ranking officer of the major's staff, commanding five troops of cavalry, one in Atlanta, one in Savannah, one in Augusta, one in Gainesville and one in McIntosh county. Lieutenant Grice's appointment is extremely popular and has been the subject of much favorable comment in military circles. Lieutenant Grice is one of a family of soldiers, being the fourth officer of the name in the service of Georgia since the 'sixties. An uncle, John Grice, was captain with the Confederate forces that defended Atlanta.

Lieutenant Grice was born, at Edgewood, Cleburne county, Ala., September 23, 1885. He attended the public schools of Edgewood and Cleburne Institute, after a few years government service coming to Atlanta, where he entered the real estate field. He is now associated with the Martin-Osburn company.

He is a Shriner, a sergeant in Yeabarb patrol and well known in business and social circles.

TUMLINS OPEN STAND IN HEALY BUILDING

Cafe and Soda Water Business
to be Conducted on
Ground Floor

W. N. and G. W. Tumlin, who for years have been in the soda water business in Atlanta, have just opened a fourth place of business on the ground floor of the Healy building. It has been beautifully equipped and is one of the finest places of the kind in the south. The soda fountain, which runs along one side of the room, is 60 feet long; and there are tables in the center of the room where excellent lunch is served. Orders are given by number through an electrical apparatus connected directly with the modern, thoroughly equipped and sanitary kitchen; and automatic elevators convey the food from the kitchen to the counter.

A handsome clear stand, occupied the other side of the room. It is of mahogany and is flanked by a large ornate sideboard and a buffet case which holds more than a hundred boxes with keys. When a man wants to buy a box of cigars, he goes to the buffet case and the attendant will bring him the box. Over \$50,000 has been spent in fitting up the place, all of the kitchen appliances were built in Atlanta.

BOY INJURED BY AUTO FATHER ASKS DAMAGES

For injuries alleged to have been sustained by Charles M. Willie, twenty years old, on May 16, 1914, Charles A. Willie, the young man's father, filed suit in the city court Saturday for \$2,000 damages against Mrs. J. O. Bailey and J. O. Bailey.

Willie alleges that his son was seriously hurt when J. O. Bailey's machine, driven by Mrs. Bailey, ran into the young man at Peachtree road and Piedmont road. Young Willie was riding a motorcycle. He is the bookkeeper for Grady hospital. He himself filed suit for \$5,000 damages against Mr. and Mrs. Bailey several weeks ago.

Walter A. Sims is Willie's attorney.

Alston to Speak
MONTGOMERY, Ala., June 6.—Robert C. Alston, of Atlanta, former Alabama citizen, will deliver the annual address to the Alabama State Bar association at noon July 16. The executive committee of the association met yesterday and made his address special business for the noon hour.

ECZEMA FORCED TO YIELD TO POSLAM

If your suffering from Eczema or any itching skin trouble has been intense, the quick relief from one application of Poslam will seem wonderful to you. Just as soon as you spread it gently on, itching stops; burning skin is gratefully soothed; no more need to scratch; no discomfort to keep you awake. Improvement every day. The skin, forced to respond, soon resumes its natural color and condition. Your druggist sells Poslam. For free sample write to Emergency Laboratories, 32 West 25th Street, New York. Poslam Soap improves the skin as no other soap can do it. Large size, 25 cents; Trolley size, 15 cents.—(Adv.)

Why suffer with tired, aching, burning, blistered feet when Pedetone will cure them? Read this from Atlanta's foremost sign painter:

The Dermatone Co., Rhodes Bldg., City.
Gentlemen:—I walk a great deal, some days as much as ten miles, and stand on my feet all the time. I thought I would have to give up my work, on account of my feet, blistered and raw, but I obtained a bottle of Pedetone and have used only one-half of the bottle and my feet are well. You are welcome to this testimony.

(Signed) MISS IRENE MERIDETH.

F. P. Sims

F. P. Sims, formerly of Atlanta, Ga., who has returned to this city as district sales manager for The C. D. Pruden Co., of Baltimore, Md. Mr. Sims has made a thorough study of the manufacture and construction of the "Prudential" portable, and permanent fireproof steel buildings at the Baltimore factory of the C. D. Pruden company and is now in a position to show the people of Atlanta and the south something unique in buildings of a portable and permanent fireproof construction. The "Prudential" buildings are in use throughout the east and west, and in a number of foreign countries including Russia and Porto Rico as aviation buildings, motor truck buildings, garages, oil houses, tool houses, warehouses, storerooms, cottages, bungalows, portable stores, etc. The big salaried companies have adopted the "Prudential" buildings and specify them for all uses.

Mr. Sims invites his many friends throughout this section and the public at large to visit his demonstration buildings at 305 Peachtree street and have demonstrated to them the practicality and simplicity of construction of the "Prudential" portable, and permanent steel buildings. The many friends of Mr. Sims wish him every success in his work of putting before the public this highly practical and novel form of building construction.

Hines M. Smith Named
ROME, Ga., June 6.—At a special meeting of city council yesterday Hines M. Smith, son of the late Major "Bull Arm" Smith, was elected a member of the board of education to succeed W. M. Gammon, resigned.

Protects Your Baby's Spine

The SIDWAY is the only baby carriage with springs that can be regulated to exactly suit the increasing weight of the baby. And these springs are marvels of gentleness. Whether baby weighs seven or forty pounds, whether you ride him over rough roads or cobblestones, suddenly hit or turn, baby rides without a bump, evenly, easily, phantomlike. This is because of the SIDWAY adjustable, long-leaf suspension springs.
